XTRU-AW4-1

X-TRU-AW4-1 LED Profile is designed for unique applications for designers and architects.

Suitable for surface mounting or custom recessed/mud-in installation. This high quality profile offers an unique way to make use of linear low voltage lighting and is the designer's choice for commercial and residential LED strip lighting.

The X-TRU-AW4 Aluminum Mounting Bracket is easily placed on horizontal or vertical surfaces and can be secured with aluminum screws or adhesive. (not included)

The X-TRU-AW4-1 Aluminum Mounting Channel is used to hold LED tape light and allows you to create your own custom LED low voltage lighting scheme.

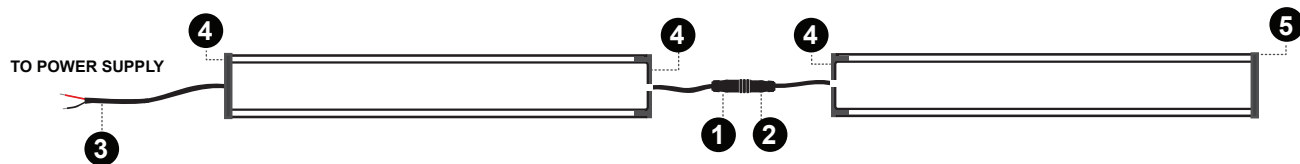

Please note: These profiles are only compatible with strip light 0.4 inches wide or smaller. They are compatible with ThinGlow LED Strip Light.
